Plano, Texas (April 28, 2004) As part of its mission to ensure that all children who have a need can access enhanced educational opportunities, Creative Tutors 4 Kids International Inc. of Plano, Texas, today announced that it has established a 501C3 corporation called Creative Learning 4 Kids, Inc. The local public charity was established in December of 1999 and had temporary status until March 30, 2004 when the status became permanent. The public charity's purpose is to provide private tutoring services for economically disadvantaged children within the community.

Creative Tutors 4 Kids International Inc., the corporate parent, provides specialized, one-on-one tutoring services to individual children at their location.

The parent corporation recently sold its first franchise for the Plano ISD territory. Two more franchise contracts are in process with more to come. As each franchise is established, the franchisee will begin to raise funds within the community. Donations will fund tutoring services for students in that community. Activities to raise funds will include special events, donations from local businesses or state or federal grants earmarked for educational purposes. Donated funds will be utilized to purchase nationally recognized diagnostic tests to allow the company to test every student who receives educational services and will help fund tutor expenses for teaching students who need the help and whose parents are unable to pay for services. Donated funds will also be used to send such students to Creative Tutors 4 Kids Enrichment Summer Camp Programs.

Creative Tutors 4 Kids offers individualized education that augments and supports public, private or home schooling education. The private instruction supports young people, kindergarten through community college age, to improve on their current schooling experience.

The Creative Tutors 4 Kids mission is to strive to help kids reach their potential; be the best they can be; and become self-confident adults. Working with each child one-on-one, the child becomes a better future employee, politician or community service volunteer. In short, Creative Tutors 4 Kids believes in improving the future of the community one child at a time. Visit the Web site at www.CreativeLearning4Kids.org.
